

Mathematics Long Term Plan 2025-26

Year 2

Term	Number and Place Value	Addition and Subtraction	Multiplication and Division	Fractions	Measurement	Shape	Position and Direction	Statistics
Autumn	2 weeks	3 weeks	1 week	1 week	2 weeks	1 week		1 week
Spring	2 weeks	1 week	1 week	1 week	2 weeks	2 weeks	1 week	1 week
Summer	2 weeks	2 weeks	1 week	1 week	2 weeks	1 week	1 week	1 week

Term	Number and Place Value	Addition and Subtraction	Multiplication and Division	Fractions	Measurement	Shape	Position and Direction	Statistics
Autumn	Count in steps of 2, 3, and 5 from 0, and in tens from any number, forward and Backward Recognise the place value of each digit in a two-digit number (tens, ones)	Solve problems with addition and subtraction: using concrete objects and pictorial representations, including those involving numbers, quantities and measures applying their increasing	Recall and use multiplication and division facts for the 2, 5 and 10 multiplication tables, including recognising odd and even numbers	Recognise, find, name and write fractions 3 1 , 4 1 , 4 2 and 4 3 of a length, shape, set of objects or quantity	Recognise and use symbols for pounds (£) and pence (p); combine amounts to make a particular value Find different combinations of coins that equal the same	Identify and describe the properties of 2-D shapes, including the number of sides and line symmetry in a vertical line		Interpret and construct simple pictograms, tally charts, block diagrams and simple tables

Bishop Chadwick

		knowledge of mental and written methods Recall and use addition and subtraction facts to 20 fluently, and derive and use related facts up to 100			amounts of money solve simple problems in a practical context involving addition and subtraction of money of the same unit, including giving change			
Spring	identify, represent and estimate numbers using different representations, including the number line compare and order numbers from 0 up to 100; use <, > and = signs	add and subtract numbers using concrete objects, pictorial representations, and mentally, including: a two-digit number and 1s a two-digit number and 10s 2 two-digit numbers adding 3 one-digit numbers	calculate mathematical statements for multiplication and division within the multiplication tables and write them using the multiplication ($\times$), division ($\div$) and equals (=) signs show that multiplication of 2 numbers can	write simple fractions, for example $\frac{1}{2}$ of $6 = 3$ and recognise the equivalence of $\frac{2}{4}$ and $\frac{1}{2}$	choose and use appropriate standard units to estimate and measure length/height in any direction (m/cm); mass (kg/g); temperature ($^{\circ}\text{C}$); capacity (litres/ml) to the nearest appropriate unit, using rulers, scales,	identify and describe the properties of 3-D shapes, including the number of edges, vertices and faces identify 2-D shapes on the surface of 3-D shapes, [for example, a	order and arrange combinations of mathematical objects in patterns and sequences	ask and answer simple questions by counting the number of objects in each category and sorting the categories by quantity

Bishop Chadwick
